PROJECT TITLE

U.A.N. Sport – Uniqueness-Abilities-Normalities Sport

Project nr. 613160-EPP-1-2019-1-IT-SPO-SSCP

PROJECT SUMMARY

The project aims **at promoting more and equal opportunities in sports for people with mental, physical and other disabilities** and to encourage people (with or without disabilities) to become more active in physical activities. Specific objectives of the project are:

- to **share experiences and practices in promoting social inclusion through sport**;
- to **encourage cooperation** between sport sector and relevant stakeholders active in the field of social inclusion of disable people;
- to **raise awareness on the role of sport for social inclusion**.

The project will contribute towards promoting and ensuring that everyone, especially young people with disabilities, has the possibility to participate in sports, in line with the UN Convention on the Rights of People with Disabilities (Art. 30) and the “European Disability Strategy 2010-2020”.

The partnership is composed by 5 partners from 5 EU Countries (Italy, Greece, Lithuania, Germany, Slovakia): 2 sport clubs, 2 sport federation and association, one public body with experiences and running specific programs for social inclusion through sport of person with disabilities.

Project will focus on transnational activities for exchanges of practices and ideas: the kick-off meeting in Greece, 3 good practice-visits in partners’ Countries, and the final meeting in Italy. Sport events will also be organized by partners in connection with 2020 European Week of Sport (e.g. “Sportgames 2020: the International Sport Festival” in Berlin) and the International Day of People with Disability (3 December).

The project will mainly work with young people with mental and/or physical disabilities: more than 3.000 girls and boys will be involved throughout the entire project.

Participants will benefit from the project and the project will create the conditions for strengthening EU cooperation between sport organizations and relevant stakeholders working with persons with disabilities, to promote social inclusion through sport and in sport.
